FARMVILLE

The tobacco season hurries to a close and while things will be dull about the warehouses for some months, the trade of Farmville is brisk from January to January Being the commercial centre of a number of counties, this must of necessity be so.

There never was a time when people relied on stores as they do now for creature comforts. In the olden days the pantry was the storehouse of the home, and supplies were collected for the year Now retail buying is the order of the day and we live as it were from "hand to mouth." This accounts for so much multiplicity of stores and the great variety of goods, wares and merchandise kept in them.

What housekeeper "boio de wah" ever thought of going to the store to buy her pickles? They were home-made and we are not likely to look upon their like again and the idea of buying cabbage, or garden seed, or laundry soap, or chicken feed would have been considered monstrous. The fact is our farmers only bought sugar, salt and iron. Times change and men change with them.

We are to have a summer Institute the coming season and this means that we are to have teachers and scholars with us well nigh the year round.

I understand that photographs of the monuments, which have been erected in the State of Virginia to commemorate Confederate valor, will be on exhibition at the Jamestown Exposition, and I am told they number about 90 in all. This speaks well for the old mother who is not forgotten by her boys

I understand that notwithstanding the fact of a dispensary in town, whose doors are open from sun to sun, and where liquors, wines and beers are sold, there is also a cider being sold elsewhere in the town limits which is of the most villain ous nature. Strange that men will drink that which not only steals away their brains but kills their bodies. The madness, however, has been prevalent from the days of Noah until now. Men love the stuff and therefore laws on the traffic are so ineffe tual.

Rowing on the Appomattox is a popular diversion with many of our people. Prof. Montague, of the Normal faculty, is the champion oarsman. The girl who quietly sits and sails o'er the waters while strong arms bend to the oars, looks immensely comfortable. There is one more serenely, contented being, the negro fisherman who sticks his pole in the bank and then sleeps away in the sunshine absolutely indifferent tc bite or bait.

There is a good deal of crowing in town since eggs have been nearing the cent-a-piece point again. I heard an energetic housekeeper say "if they get any lower we will just eat them ourselves." And that would be a calamity indeed so far as our town folks are concerned.

The Easter Sunday rain did good as it was needed and the bonnets will yet have their day.

Our pleasure horses are looking well in their spring suits and some of them are without fetlocks and tail. The luxury of holding the reins over them is hard to estimate.

I have travelled the State over and I know of no town in which business men commence work so early in the day as they do here.

Judge Crute has bought the "Pat Fowlkes Corner" on High Street and I am told will greatly improve it. It is the only business centre in the west end and is a desirable commercial stand.

Mr. B. M. Cox has moved into the new house which has been recently built by the Normal School for the use of the business manager of the institution.

Mr. W. T. Doyne has bought the old Richardson house, which has been occupied by Mr. Cox and which stands on the Normal ground. He will pull it down and use the material in the erection of a new [illegible] ranch and will soon occupy the Trerows, Grouse on Main for as to — WE AR (3) hundred English Setterian dollars. If this is convincing noticed, I will thank a sentence now to the Auditor and give Zinc the act amount, I do not wish [illegible] ake it, I simply wish my [illegible] readers to know where they are, [illegible] our hard earned money [illegible] and for them to find out wh[illegible]

Farmville who mourn his death. When he was principal of the female school here his family was unbroken and no more delightful people ever hightened our social circles. But one remains, who we know as Miss Virgilia, no r Mrs. Dr. Whitehead, of the University of Virginia.

We all fear that the fruit has been killed but as some seasons resist severe cold, we are not altogether without hope. I wonder that we dont use covers on some trees as we do on plant beds.

Fire bugs have been busy of late and applying their nefarious trade in town and country. The Chernault Brothers, whose farm is in the neighborhood of Hampden Sidney, lost their stable, horses, farming implements etc. They are worthy citizens and most successful farmers but the loss falls heavily on them "Hurricane" Branch says the fire bugs must ride on horses. No matter how they come or go they must be caught and summarily dealt with.

At its recent annual meeting the Planters' Bank there was joy among the stockholders that on the 40th anniversary the institution was not only "forty but fair." It has its name on the honor roll o. the banks of the State, eleven in all I am told, whose surplus exceeds its capital. This speaks well for the management.

A Woman Tells How to Relieve Rheumati. Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines, but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it can tell you how wonderfully it has worked.—Mrs. Sarah A. Odgen, 30 New St., Dover, Del Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible.

Sold by J. R. Atwood, Appomattox; R. J. Carter, Prospect; E. F. Glover, Evergreen.

There are other games than tennis that are well played in the vicinity of the White House.

Cured of Rheumatism.

Mr. Wm Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief, I found that the pain gradually left me and strength returned. In three weeks the rheumatism had disappeared and has not returned. If troubled with rheumatism try a few applications of Pain Balm. It is certain to be pleased with the relief which it affords.

For sale by J. R. Atwood Appomattox; R. J. Carter, Prospect, E. F Glover Evergreen.

April likewise, seems determined to keep out of the molly-coddle class.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing kidney trouble, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root. In writing be sure and mention this paper when you find out if you have kidney or bladder trouble. When writing mention this paper and generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are for sale by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Why Some Tobacco Is Best

Is well and interestingly told in Virginia-Carolina Fertilizer free almanac by experts on tobacco farming. The free burning qualities of tobacco are greatly impaired by using impure, inferior and "cheap" fertilizers. Insist upon your fertilizer dealer supplying you with high grade
Virginia-Carolina Fertilizers
for they contain no ingredients that will injure your soils like so many other guanos. Use from 500 to 800 lbs. of these fertilizers per acre, according to the strength of your soil—and the growth of your tobacco will be hastened forward two or three weeks, yield per acre will be greater, and the quality better—larger leaves containing good body and excellent finish. Then you will make more money for your crop. Get one of our beautiful almanacs. It is free but worth $1.00 to any farmer.

OLD BUCKINGHAM.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independent candidates for the office of Sheriff of Buckingham County. We appreciate the kindness of our Republican friends in offering our candidacy and they have our thanks, but we want it distinctly understood that we are Independent candidates for this office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with due credit to ourselves. Thanking you for your consideration expressed heretofore and hopeaking your further consideration, we are, Yours faithfully,

C. D. McCRAW
P. A. GRIGG.

Buckingham.

The Republican Convention met here last week and nominated a full ticket for county officers and also nominated candidates for Mayaville district officers. For Commonwealth's Attorney they nominated Col. R. T. Hubard; for County Treasurer, A. Sidney Spencer; for Sheriff, C. D. McCraw; for Supervisor in Mayaville District, C. D. Agee; for Constable in Mayaville District, B. F. Shoemaker; for Justices of Peace in Mayaville District, C. R. Rosen, W. A. Fones, R. A. Morgan. Some of these men have been life long Democrats and I do not think they will accept a nomination at the hands of the Republicans. I hear that Mr. A. C. Garnett is to be office deputy in the Treasurer's office in case Mr. Spencer is elected. Mr. Charles D. McCraw has been looked upon as a good Democrat all the time, and I hear that he only looks upon the action of the Republican convention as a confirmation of his candidacy, but leading Republicans claim him as the nominee of their party.

Conceding Buckingham the right to furnish the Democratic candidate for the legislature the tight is likely to be made between Judge J. R. Moss and Judge A. S. Hall, with possibly one or two other aspirants yet to appear.

The county has been pretty well canvassed by candidates for appointment as Commissioners of Revenue. If endorsation on paper county for much Mr. M. L. A. Moseley would win out in District No. 2. I have rarely seen a better paper than the one he has to present to Judge Gordon.

Mr. George H. Elcan has been taking the tax list in Mayaville District for his father, who I expect is not well enough.

Dr. L. L. Morris has purchased the home and farm that was the home of the late B. R. Eldridge. Col. and Mrs. Lyons while they owned this place made many improvements in the way of fencing, building, and repairing. Dr. and Mrs. Morriss expect to move about the 16th of May, and Mrs. Pratt will probably come back to her home about the time the session closes at the Farmville State Normal School.

Mrs. Pease and family contemplate going North when the High School closes.

I hope as many pupils from other schools as can, will attend the coming exercises of the High School which will embrace many interesting and entertaining features. The date will be announced in this paper later.

One of the Richmond dailies in an editorial about the demoralizing effect of the newspaper reports of the now noted Thaw case, refrains from using the words so often printed and puts it thus, "T. C.," and in another column it still publishes the news current from New York bearing on the case. This reminds me of an old gentleman I knew who was so addicted to the habit (bad) of swearing, that often he was not conscious of having used an oath, on one occasion in conversing with a lady, he was inveighing against the want of morals and manners among young men, and said, "Why madam I'll be d—— if they don't even swear in the presence of ladies."

Going back to politics, Mr. Editor, "Where are we at?" Editor Graves, of Georgia, making a speech at a banquet in which Mr. Bryan was the guest of honor, advising that the distinguished Nebraskan arise in the coming National Democratic Convention and nominate Mr. Roosevelt to succeed himself as chief magistrate of the Nation, precedent of 3rd termism, precedent of party policy, all to the wind. Verily Mr. Roosevelt must be a wonderful man if he can please two parties at one, and the same time.

Since writing the above about the closing of the High School I am informed by one of the teachers that the 7th of May will be the last school day proper, but the exercises following the close will take place on the night of the 10th. Rev. Plummer F. Jones, that bright, young minister has been invited to preach the baccalaureate sermon on the 1st Sunday in May, and on the final night there will be plays, dialogues, recitations, drills, (this last is to be one of the grand features.) Instrumental and vocal music, etc. and the L. A. S. and the young people's union will be on hand and offer refreshments for sale.

INTERESTING STORIES ABOUT HOME FOLKS.

We are sorry to report the death of Mr. J. R. Lucado, who had been ill a short while at the home of his daughter, Mrs. Nannie Watson, which occurred on Sunday morning at 11 o'clock. We shall all miss his dear, kind face. He survived his wife six years. Mr. Lucado was 82 years old and was a member of Pleasant Grove church.

Mr. and Mrs. M. A. Robertson are still on the sick list.

Miss Lily Kyle has been sick for several days.

Mrs. T. S. Jay, of Toga, is visiting her daughter, Mrs. N. S. Lewis, of Lynchburg, who has been sick with measles.

Mrs. C. S. Hackett, of Toga, is on a visit to her son, Mr. A. B. Hackett, of W. Va. Her son, Mr. J. C. Hackett, accompanied her out there, where he expects to obtain work.

Mrs. Mildred Lewis is still in Buckingham on a visit to her mother, who is very feeble.

Mr. Hugh Lucado, of Charlotte, has been on a visit up here.

Down in Dinwiddie.

DEAR TIMES:—The day is bright and balmy and we hope spring is here, and here to stay. All the early fruit seems to be killed, but there is good prospect for a large crop of apples. Wheat is looking well. Very little gardening has been done. The chirp of many chicks is music to our ears. Poultry and dairy products are high.

The saw and planing mills are converting our vast forests into lumber, thus destroying the beauties of our landscapes. The waste is enormous and sometime, when it is too late, we may realize that we have been pursuing a suicidal policy. If we had a body of law makers worthy of the name they could discover some means to preserve our forests.

I sometimes think we would be better off without a legislature, and I do believe once in five years is often enough for them to meet. Local communities should exercise more power, and be granted the iniative and referendum. Oregon and Oklahoma have set us a good example Okla soma has now about the best Constitution in the Republic. The full blood Indian was much in evidence in shaping it, controlling the Convention. There the peasant politician realized his smallness. May it soon be so with Virginia.

Recently, in this county, a petition was sent to the Post Office Department for a rural free delivery route from the south end of the county. An inspector came and went over the proposed route, but reported adversely because of the wretched condition of the roads. Thus those people, abo t 500, are deprived of that advantage because our Representatives (?) have not statesmanship enough to give relief. How long will our tax-payers stand this oppression?

Mr. Swanson and other political spell-binders made many fair promises, the voters swallowed the stuff and the ticket was elected. But they seem to have forgotten their promises, as they always do, but they did not fail to vote themselves an increase of salary, O no! The Democratic party has had control (possession) of the State for nearly half a century and we seem to be little better off in many things.

We need broad-minded, progressive men to whom the intresets of the state, the people, are greater than the interests of party or politicians.

We have too many men holding office and drawing salary. The General Superintendent of Roads must have gotten stuck in the mud somewhere, or is lost. Let the State offer a reward for information as to his whereabouts. The School Inspectors do not seem to be inspecting. "Two bits" reward is offered for each of them. The County High School Band Wagon does not seem to be drawing much of a crowd now. They should put red jackets and striped pants on some of the officials, then purchase a hand organ for each so the enthusiasm will not wane. Do not fail to "whoop 'em up."

I have been told that "preachers should keep out of politics." Of course. Do you know any politician who wants the whiskey bloat and the "tin horn gambler" to keep out of politics? O, yes the preachers, and stewards and elders, and Epworth Leaguers and Christian Endeavorers, in fact all good men, all who will not swallow the rot of partisanism, should not "meddle with politics." "Jes so, toss." That was the cry in other states, but that cry scared nobody and Folk, Hanley, Hughes, Glenn, Hoch and Cobb are now fighting for civic righteousness. South Carolina, Texas, and Tennessee, and Alabama have shaken off the shackles and demanded political and moral reform. May old Virginia follow the good example set by the other noble Commonwealths.

I-heartily commend your recent leading editorial on the Sabbath question. Keep it up.

The Tax Payer.

MR. EDITOR:—I noticed a card in your last issue, a warning to the voters of our county unde neath the Headlight of Politics; which goes on to give an account of the wreckless expenditure of our hard earned money by the last General Assembly, spending four hundred thousand dollars, all the money that was in the Treasury and three hundred and nineteen thousand to be hereafter paid, and the death and burial of the Appomattox Road Law which was framed in mass meeting and sent to our Representative in the House of Delegates, to be passed; also the bill passed defining the salary of tie members of the General Assembly. The writer went on to say that he did not suppose that any members of the last General Assembly would offer to run again, tout it would be a reflection upot the intelligence of our people, and that any candidate for the House or the Senate should be asked and required to say whether he had agreed in shaping the wishes of the voters of Appomattox county in the passage of the County Road Law.

This I think very proper, but this does not go far enough, and by your permission I will add the following: And to say that he also be required to answer whether he is in favor of the Torrence System of registering lands, of the primary system, of local option, of the Jim Crow Law to have seperate reception rooms by the railroad companies at each depot for whites and blacks, and also of an expert accountant or traveling auditor to examine the accounts of all officers handling money of the State. If these questions are not answered in the affirmative tell them that they fail to represent your views and can't get your support.

Teacher's Examination for '07.

The first examination for 1907 will be held at Appomattox Courthouse, in court-room, on May 2nd 3rd and 4th; the second examination will be held at same place, on July 29th, 30th and 31st; opening each day at 9 a m. Teachers may take either of these examinations, but all who do not expect to attend a summer institute should take the May examination, as the result of the July examination may be made known too late to contract for schools. Those who take the May examination and fail, will not be allowed to take the July examination, unless in the meantime they attend a summer institute.

All teachers now holding certificates, who attend an institute for twenty (20) days, will be permitted to take the examination on one-half the course this year, and, if successful, will be issued a provisional certificate good for one year, of such grade as the average warrant. The examination can be completed in 1908, when a full certificate of proper grade will be issued.

The examination on the first year, of the Professional course, will be held on the 30th of July; for second year on the 30th, and for third year on the 31st.

Both White and Colored will be examined the same days, but in separate rooms.

For further information for all First Grade teachers, write to the undersigned, before the May examination. J. K. HANNAH, Supt.
